SUMMARY

Full Stack Software Engineer with 12+ years of experience building scalable web applications. Specializes in React, TypeScript, and modern web technologies with hands-on experience designing and delivering software across the full stack. Proven track record modernizing platforms, leading technical initiatives, and shipping customer-facing products using AI-assisted development workflows.

SKILLS

Languages: TypeScript, JavaScript, SQL, Ruby

Frontend: React, Remix, Next.js, Tailwind, TanStack Query/Table, HTML5, CSS3, ShadCN/UI

Backend: Node.js, Express, Ruby on Rails, REST APIs, PostgreSQL

Cloud & DevOps: AWS, Docker, CircleCI, CI/CD, Vercel

Tools: Cursor, Claude Code, ChatGPT, Git, Figma, Jira, Confluence, Datadog, PagerDuty

PROFESSIONAL EXPERIENCE

Design Pickle

Apr 2022 – Apr 2026

Lead Software Engineer

- Led modernization of a large-scale web application by migrating to Remix + Vite, **improving build performance by 25% and reducing local startup time by 90%**.
- Supported the migration from Heroku to AWS, improving platform reliability while **reducing annual infrastructure costs by more than \$30K**.
- Served as technical lead for major platform initiatives, partnering with Product and UX to deliver features **used by 2,200+ monthly active customers**.
- Collaborated on the design and implementation of **GenAI-powered features** while introducing AI-assisted development workflows that improved engineering velocity.
- Drove application architecture, code quality, and engineering best practices while mentoring engineers through code reviews and technical design discussions.

Senior Frontend Software Engineer

- Joined as the first frontend engineer, helping build the company's modern web application from the ground up.
- Established reusable application architecture and component patterns that became the foundation for future development.

Beam Dental

Aug 2019 – Apr 2022

Software Engineer

- Developed and maintained full-stack web applications, REST APIs, and backend services using React and Ruby on Rails.
- Built REST APIs and backend services supporting core insurance workflows.
- Designed and maintained relational database models for business-critical systems.
- Co-organized the Front-End Working Group, sharing frontend best practices and emerging technologies.

Insight Digital Innovations/Cardinal Solutions Group

Sept 2015 – Aug 2019

Senior Software Engineer

- Designed and delivered full-stack web applications using Angular, JavaScript, HTML, and CSS.
- Led technical delivery across multiple client engagements while mentoring junior engineers.
- Presented Angular workshops for the Columbus Web Group community.

Tata Consultancy Services – Milford, OH Software Engineer

Jul 2014 – Sept 2015

Ohio University – Athens, OH Software Engineer

Mar 2013 – May 2014

EDUCATION

Ohio University – Athens, OH

Bachelor's of Science

Major: Computer Science
