SUMMARY

Full Stack Software Engineer with 12+ years of experience building scalable web applications. Specializes in React, TypeScript, and modern frontend architecture with hands-on experience across the full stack. Proven track record modernizing platforms, leading technical initiatives, and delivering customer-facing products using modern AI-assisted development workflows.

SKILLS

Frontend: React, TypeScript, JavaScript, Remix, Next.js, Tailwind, Tanstack Query/Table, HTML5, CSS3, ShadCN/UI

Backend & APIs: Node.js, Express, Ruby on Rails, REST APIs, SQL, PostgreSQL

Tools: Cursor, Claude Code, ChatGPT, Opencode, Git, Docker, Figma, Jira, Confluence, Datadog, PagerDuty

Cloud: AWS, Docker, CircleCI, CI/CD, Vercel

PROFESSIONAL EXPERIENCE

Design Pickle

Apr 2022 – Apr 2026

Lead Software Engineer

- Led modernization of the frontend platform by migrating to Remix + Vite, **improving build performance by 25% and reducing local startup time by 90%.**
- Supported the migration from Heroku to AWS, improving platform reliability while **reducing annual infrastructure costs by more than \$30K.**
- Served as technical lead for customer-facing platform initiatives, partnering with Product and UX to deliver major features used by **2,200+ monthly active customers.**
- Collaborated on the design and implement **GenAI-powered features** while introducing AI-assisted development workflows that improved engineering velocity.
- Drove frontend architecture, code quality, and engineering best practices while mentoring engineers through code reviews and technical design discussions.

Senior Frontend Software Engineer

- Joined as the first frontend engineer and built the company's modern React application from the ground up.
- Established reusable component patterns and frontend architecture that became the foundation for future development.

Beam Dental

Aug 2019 – Apr 2022

Software Engineer

- Developed customer-facing web applications across the full stack using React, JavaScript, and Ruby on Rails.
- Built REST APIs and backend services supporting core insurance workflows.
- Designed and maintained relational database models for business-critical systems.
- Co-organized the Front-End Working Group, sharing frontend best practices and emerging technologies.

Insight Digital Innovations/Cardinal Solutions Group

Sept 2015 – Aug 2019

Senior Software Engineer

- Delivered full-stack web applications using Angular, JavaScript, HTML, and CSS.
- Led technical delivery across multiple client engagements while mentoring junior engineers.
- Presented Angular workshops for the Columbus Web Group community.

Tata Consultancy Services – Milford, OH Software Engineer

Jul 2014 – Sept 2015

Ohio University – Athens, OH Software Engineer

Mar 2013 – May 2014

EDUCATION

Ohio University – Athens, OH

Bachelor's of Science

Major: Computer Science
